“ Fly high my friend.... Heaven needed your quirky, jokester personality up there! You were beyond one of the best people in this earthly world. Ride that Harley, zip around in your little convertible you were so proud of! I'm so glad I got one last smile from you, and see those bright blue eyes... Keep an eye on (“little Bruce”) Brady, you were so proud of him. Bless you and your heart of pure gold....until I see you again....💔

*We had a wonderful 12 years together, with the last year and a half me taking care of my best friend. Had many times of riding with him wild and crazy places on his bikes and in his truck and his sports car that he was so proud of, and for good reason. He was a great companion/ friend/ confidant and we shared many happy memories and also our problems and concerns too. He was great at sharing and also a great listener. He was a great person and will be missed by many that knew and loved him. But I will see him in the future for which keeps me going in my sadness. Deep thoughts and prayers for Brady and his family!!!!*
