

David Gossman

July 25, 2009

David L. Gossman, age 68, of Spirit Lake, passed away Sunday, July 26, 2009, at Avera-McKenna Hospital in Sioux Falls, South Dakota. He was born on June 29, 1941, in Cedar Rapids, Iowa, to James and Mary Lou (Denkman) Gossman. David graduated from Spencer High School in 1959. He served his country in the United States Air Force for eight years, serving four years in Germany, and four years in California. David spent all of his free time thinking of different ways to invent things. He designed and sold frames for Chopper motorcycles, designed a robot that was bought by NASA and patented the "
