“ I was saddened to see Hailey’s obituary in the paper. I was so fortunate to have her in my 3rd grade classroom in Harris Lake Park School when I first moved to this area to teach. We immediately “clicked” and had such a fun year together. I loved her smile and loving personality. Over the years, whenever we would bump into each other, we would hug and catch up. I will always love her. Remember it is only a “temporary separation” and we will be with her again. How I wish I could be with you for the celebration of her life. My sincere sympathy and love. “Hayley could always tell when something was wrong with me mentally. She was such a great staff and house mom. She will be in my thoughts every day. I will never forget her. I only knew her for 7 short months but I knew when she would be in a bad mood or something was bothering her. We would just sit down and talk about our life struggles. Oh, Hayley, You will be missed and forever be in our hearts. Love ya girly I hope your dancing in the sky and I hope the Angels know what they have because your a blessing.

“ Denise & family,  
I am heartbroken for you.  
I can remember when Hayley was born- You & I were working at Pamida and we had a pool to see who guessed the closest for her birthdate & weight. (Can't remember who won, just that it was a lot of fun & was something to lighten up the mundane work days!) God blessed you with your beautiful, big brown eyed, lot's of dark hair baby girl!

I enjoyed seeing her at Walmart through the years- catching up on your life, through her. You raised a delightful young lady & I am sorry your time with her here on earth was cut short.  
Please know that she is now your guardian Angel, and that one day you will be reunited. I pray that you will find peace & comfort as you walk through the sad days ahead. Lean on your family & friends.

Tried to edit this, as I think it was Kortney that you were pregnant with when we worked together.
