“ *Mark, my friend, I am saddened by your passing. You and David were the brothers I never had. There are so many things in my life that I can trace back to our friendship. That includes the insanity that comes from being a Vikings fan. May you keep watch over your family as the loving angel you always were down here.*

“ Mark-

*I have known you and your family since early in my childhood. We spent a few summers playing together. I am so grateful for the laughter and the memories that have only enriched my life. I had a great childhood, and I am thankful that I got to partake in your life, if only for a little while. You, your parents and siblings were the best neighbors. I will always cherish the blessing all of you were to me.*
