“ My memories of Patty are from our youth, as we kind of lost touch, except for a couple letters, after she came back from the service. I suppose I should keep those memories to myself because we were a pretty wild bunch. What I always loved about Patty was how even and cheerful she was. No drama. We had a great times. And, boy did she love her family! I remember when she came to visit me in New Hampshire -- as though no time had past. That's a true test of that early friendship we formed. I hope she continued to have a happy life, and this video here sure seems to show she did. A special person! Mona Anderson

“ I think of Patty in silence
and so often speak her name, but
All I have is memories
and her picture in a frame
Her memory is my keepsake with
which I will never part
God has her in his keeping
I have her my heart

Patty was not only part of my family she was a special friend and an awesome bridge player. She was my children's babysitter, my travel companion, my up-north at her Dad's cabin fishing buddy and my occasional live in house guest. She supplied years of tears and laughter. My life was better because Patty was in it. My prayers and sympathy are not only for Karen and Gail but for all her family and friends. She will be missed.

“ *Patty was a dear and trusted friend. She brought an honesty and dedication to all she did. She will be missed. She fought the battle for life on her own terms, a valiant effort. She served her country and, most recently, her neighborhood with integrity. Heaven will welcome her.*
