“ I remember how we used to hang out when our parents got together to play cards. I remember how she could just look at a crocheted item and then go and make her own pattern. She was very creative and loved to do crafts and draw. Her projects always turned out great. She always had a smile whenever I saw her no matter what all was going on in her life. She was very proud of her children and grandchildren and will be missed

I will always remember all the good and bad times we had together mom. I remember you and I did crafts together. I remember you help me with my son and your grandson when I had to go somewhere for a doctor's appointment. And also remember you watch Darrel your grandson when I went to get food so we can have some thing to eat all the time. I remember we all watch movies together all the time. Plus I remember you and I and Darrel went to the store and went shopping together at different stores all the time. Now RIP Mom. Me and your grandson Will always love you and we will always miss you mom (grandma).
