“*My mother was an amazing woman! What a happy happy childhood I had. She would take me to the swim pool when I could barely walk and at age 5 I began swimming competitively, therefore she drove me most of my life to swim practice and on the weekends to swim meets all over Iowa. I remember coming home in the summer from swim practice and my mom would be sitting in our front yard on a blanket with our lunch spread out, just waiting for me. The endless books she would read to me night after night. She had me involved in Girl Scouts, acrobats, dance, band and many other activities. While I am an only child, all I had to do was walk out the door and I had an entire neighborhood of kids to play with. She would decorate for the holidays and we would make lots of special food for company such as pulling taffy, fudge, popcorn balls all of my favorites. She worked all her life as a teacher and then a principal, but she always seemed to be there to take me to this lesson or that activity. She led me to the path of teaching which allowed me to spend more time with my children and to travel.*

She loved Iowa and being a mom to many dogs over the years. She was a terrific grandma to my son and daughter always wanting to read to them or teach them something. Finally, she was a loving wife to Jerry who has been by her side since day one, as a principal too and in the last many years spending more time with my mom at the care center where she lived than in his own home.

*My mom always tried to be her best everyday and it showed.
I will miss her. Kim*

Kim,

I'm sorry to hear about your mom. I'm hoping this message will get sent to you. Your mom was my 4th grade teacher, but moreso the mother of a dear friend in high school.

It leaves a hole in your heart that never quite heals, but is made smaller with good memories.
